

# PERMATROL™

**Permatrol may be used to control powdery mildew on all crops, including edible and ornamental crops in field, orchard, and greenhouse.**

**ACTIVE INGREDIENT:**

Linseed Oil.....5.00%

**INERT INGREDIENTS:**

Sunflower Oil, Coconut Oil,  
Polyglyceryl Oleate.....95.00%  
Total.....100.00%

PERMATROL is manufactured in compliance with the USA EPA Minimum Risk Pesticide Regulations, 40 CFR 152.25(f) and is exempt from registration requirements.

**DIRECTIONS FOR USE:**

Always test on a small number of plants first, before spraying a large area. Use a dilution of 0.25% to 1.0% Permatrol in water. Do not exceed 1.0% Permatrol concentration. Do not make 1.0% applications closer together than seven days. Stop application if chlorotic and/or brown leaf margins, or other injury symptoms occur.

Permatrol can be applied with most conventional spray equipment, i.e., dilute airblast, or boom-type sprays may be made. Apply Permatrol at any time during the growing season, including the day of harvest. Thorough and uniform crop coverage is required. Repeat applications may be needed, particularly with heavy disease pressure. Spray should be made to wet without excessive runoff. Reapply weekly as needed and following significant rainstorms.

Application should be delayed when plants are close to blooming. Permatrol will give a natural shine to sprayed plants which many consumers find attractive. If, however, this shine is not desirable, then no application should be made in the 6-8 weeks prior to harvest.

**WARRANTY:**

The manufacturer warrants that this product conforms to the original formulation and is fit for use as directed. Neither manufacturer nor seller shall be liable for any injury, loss or damage, direct or indirect, arising from the misuse of the product. Manufacturer's and seller's only obligation shall be to replace such quantity of the product as is proven defective before purchase.

# PERMATROL™

**SHAKE WELL BEFORE USE**

**PRECAUTIONS:**

Avoid contact with eyes, skin or clothing. Do not apply this product undiluted. Do not apply to water or apply where runoff is likely to occur. Do not apply where conditions favor drift from areas treated.

Avoid breathing spray mist. Wear protective clothing including long sleeves and pants, appropriate respiratory protection and protective eyewear. Wash thoroughly after handling and before eating, drinking or smoking.

This product contains oils. Fabric contaminated with oil should not be machine dried or otherwise exposed to excessive heat.

**FIRST AID:**

**If product gets in eyes then:**

Hold eye open and rinse slowly and gently with water. Remove contact lenses, if present. Rinse eyes clear. If irritation persists, seek prompt medical attention.

**If product gets on skin then:**

Remove contaminated clothing and dispose of properly. Rinse skin immediately with plenty of water. If irritation persists, seek prompt medical attention.

**If product is swallowed then:**

Drink water to dilute product and seek prompt medical attention.

**STORAGE AND DISPOSAL:**

Store only in original container in a dry place inaccessible to children and pets. Avoid sparks, flames, excessive heat, and direct sunlight. Do not reuse empty containers. Triple rinse and offer for recycling or discard in trash.

Do not contaminate water, food, or feed by storage or disposal.
